## **EXCITING NEW BOOK RELEASE FROM SRW PUBLISHING**

SRW Publishing is proud to announce the release of the first volume of RAILWAY HOTELS OF AUSTRALIA a new four-part series of books detailing the history of every hotel across Australia that trades or once traded as the Railway Hotel.

RAILWAY HOTELS OF AUSTRALIA ~ VOLUME ONE ~ VICTORIA makes fascinating reading as it details not only the hotel, but the importance and history of Victorian Railways, the history and development of the town, and the social, economic and political themes that have helped to shape Victorian society over the last 150 years.

*This multipart comprehensive work presents the history of every Railway Hotel, along with the settlement and railway history of the location. Then-and-now photos and a range of advertisements and anecdotes add interest and establish the mood of the era.*

*I congratulate Scott for achieving this substantial compilation, and commend the book to a wide readership: railway and hotel hobbyists, publicans, people with an interest in local or social history, or with an interest in architecture. Many readers may be enthused to seek and sample survivors, and join the spirits of patrons and publicans from the early years.*

*- Roderick Smith, former editor of Rail News Victoria*

RAILWAY HOTELS OF AUSTRALIA will appeal to a wide audience, not only a reference book, but as a travel guide, to allow readers to embark on their own journey of discovery.

RAILWAY HOTELS OF AUSTRALIA ~ VOLUME ONE ~ VICTORIA will make a valuable addition to any home library would make an excellent gift.
